

Wealth Creation

made faster

Safety, speed and wealth creation are the key attributes of Fullerton Markets, says chief executive Mario Singh.

Based in Wellington but with ultra-fast trading links worldwide, the retail forex broker is a major sponsor of the Wellington Hurricanes and the Wellington Gold Awards for business achievers in the region.

The firm, which Mr Singh says is one of Asia's fastest growing brokerage firms, has vital advice about picking a firm to do business with.

3 Ways to Select Your Best Broker

Many traders today are spoilt for choice when it comes to selecting the best broker for a fulfilling, trading experience. It seems that almost all brokers are laying claim to be "the best".

How then, should a trader choose the best trading partner? What are some key factors he or she should be looking out for?

Here are the top 3:

- Safety of Funds
- Speed of Execution
- System of Wealth Creation

Safety of Funds

At Fullerton, all clients enjoy unprecedented fund safety with three levels, Mr Singh says. These are:

- Segregated Accounts (with ANZ Bank).
- Independent Trustee Administration (with Kiwi Global Trust).
- Trustee Liability Insurance (with AIG).

He says Fullerton Markets is the first broker in the world to strike a deal with billion dollar insurance company, AIG, to provide insurance for client accounts.

Speed of Execution

In the brokerage world, an acceptable speed of execution is between 350 milliseconds (m/s) to 500 m/s. However, he says, with its Straight-Through-Processing (STP) model, Fullerton has spared no expense to ensure low latency connectivity to their dedicated servers in London. This setup has brought down trade execution to 200 m/s, one of the highest in the retail trading world.

System of Wealth Creation

If brokers are truly committed to helping their traders and Introducing Brokers (partners who manage and run one or several business portfolios under the Fullerton brand) an important aspect needs to be a genuine proposition for wealth creation - either by trading or by business-building.

Here's how Fullerton ensures it for traders and IBs:

- Traders
- Weekly Research
- Weekly Webinars and Videos
- Copy Trading
- IBs
- A powerful back-office for customer management
- Instant Rebate Pay-out

Fun Fact

Fullerton Markets chief executive Mario Singh is the author of two books on wealth creation, *17 Proven Currency Trading Strategies* and *Unlocking the World's Largest Financial Secret*.
